SUMMARY

Motivated aspiring software developer with hands on experience with python, OOP and game development. Developed a fully functional/featured puzzle game with python applying modular programming implementing A* algorithm for problem solving. Working on projects while seeking apprenticeship for software development to increase my technical skills towards a degree apprenticeship.

SKILLS

Soft Skills: Communication , Problem solving , Analytical thinking, Teamwork

Technical Skills: Python, OOP, Game Development (Pygame), Modular Programming, A* Algorithm

WORK EXPERIENCE

The Co op Food **June 2024**

Retail *Wimbledon , Arthur Road*

- Executed thorough walkthroughs of the retail floor for quality assurance.
- Enhanced customer satisfaction through efficient service.
- Conducted thorough price checks
- Developed and implemented successful merchandising plans.

Lords Cricket Ground **Jun 2025 - Sept 2025**

Steward *Marleybone, St john wood*

- Ensured effective crowd Management during high attendance event.
- Monitored spectator safety and enforced ground regulations.
- Conducted ticket checks and access control entry points.
- Maintained professional presence and communication under pressure.
- Delivered clear directions and information to the public

PROJECTS

Personal Project **Oct 2024 - Apr 2025**

Student Developer *Home-Based*

Puzzle Game (Python, Pygame)

- Built an interactive GUI puzzle game in Python using Pygame.
- Applied Object Oriented programming (OOP), Creating classes and instantiating them Objects across the game.
- Implemented multiple difficulty settings e.g. (easy, medium, hard and custom)
- Used modular architecture separating logic into different files improving readability and readability
- Added features such as - move counter,
- Implemented A* pathfinding solver with Manhattan distance heuristic to create a hint and solve function

EDUCATION

Ernest Bevin Academy **Sept 2021 - Jun 2023**
GCSE: *Maths- A* , Combined science - A* A, English Literature- B, English Language - C, History - C, Product Design – C*

Ernest bevin Academy **Sept 2023 - Jun 2025**

A LEVELs: *Maths - D, Computer Science - D, Psychology - E*
